There is no other accommodation provided by the organisers. We list below the contact details of local accommodation providers, so that competitors can arrange their own accommodation directly.

We draw your attention to the fact that there are several other events, like the Tapolca Wine Week, running at the same time as the Hungaria Cup. So due to this, as well as the close proximity of Lake Balaton, which is a popular holiday area, booking your accommodation as early as possible is advised. If possible, you should book accommodation well before spring, avoiding a risk of finding nothing suitable later.
